How we are paid for our services: We are paid a fee by insurers for managing your policy on their behalf. In addition we have a vested interest in this transaction by virtue of a profit share agreement between ourselves and insurers.

Immaterial financial interest: It is generally accepted practice within our industry that 'entertainment' and 'gifts and other incentives', collectively referred to as an immaterial financial interest in the Conflict of Interest Regulations, are often provided by the product provider to the financial service provider (broker) and vice versa, and potentially from and to other financial service providers. The Rand value of such interests is limited by legislation, per calendar year, to R1.000 in respect of any one individual be they the provider of or beneficiary of such immaterial financial interest. Such limitations are dealt with and managed by our management policy.
